Options include: Wired, Wireless, 1 Camera or 2 Cameras

We carry the accessories to customize your CabCAM.

When you need extra visibility around the farm or field, the versatile all weather CabCAM Camera Observation System can give you the edge. With its three color camera capability, eliminate blind spots and improve day and night visibility with its infrared illuminators for night visibility up to 32 feet.

The 7 color quad monitor can view 1 camera separately or view all 4 cameras simultaneously utilizing picture-in-picture technology. The CWL7M2CQ video system also comes with 2 water-proof color cameras with WHITE LED illuminators providing over 32 feet of night visibility.
